

FOLLOW THE GUIDELINES OVERLEAF TO MAKE YOUR CARROT BOX TEMPLATE

HOW TO USE

1. Start by colouring your carrot box template. We recommend that the top flaps are green and the bottom triangles and flap orange, but you can choose your own Incredible combination!
2. Cut out your carrot box template.
3. Score the lines and fold.
4. Apply glue to the left flap and attach to the right hand side shape to form the box.
5. Insert your Incredible seed bombs (you can make these by following the instructions here: www.gardeningknowhow.com/special/children/making-seed-balls.htm)
6. Fold the flaps without carrot tops inwards and apply a little glue to seal.
7. Now fold your carrot top flaps inwards, remembering to fold back the carrot tops themselves so that they stand upwards.
8. Apply a little glue to hold the carrot tops together.
9. Give as a present to make someone's day!

WE CARROT WAIT TO SEE A PIC OF YOUR CARROT SEED BOMB BOXES!
